

Inpatient Referral Process

As the region's only Level I Trauma Rehabilitation hospital for adults and pediatrics, St. Luke's Rehabilitation Institute's inpatient care team is committed to providing hope, quality of care and recovery for patients needing medical rehabilitation. Together, we work to ensure the best quality outcomes for our patients.

St. Luke's Case Managers are a resource you can depend on to help facilitate an efficient and seamless transition for your patients, including:

- Collaborative information sharing with attending physician
- Complete pre-admission assessments
- Obtaining insurance authorization
- Coordinating transportation to St. Luke's
