

Team St. Luke's has opened so many doors and opportunities for me. They've helped me relearn to just live my life and have fun.

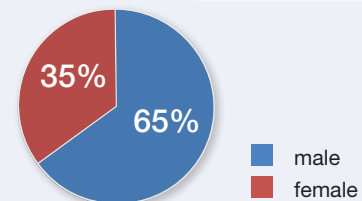

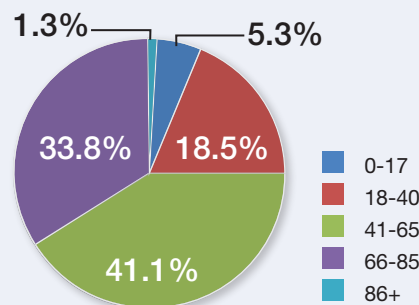

— James O'Neel, former St. Luke's patient who suffered a spinal cord injury while snowboarding.

A spinal cord injury can happen to anyone at any age. In 2017, St. Luke's provided inpatient rehabilitation services to more than 129 inpatients and 22 outpatients who suffered a spinal cord injury or illness.

Average age: 63

Ages of patients served in the Spinal Cord Program:
