Community Reintegration of People with Spinal Cord Injuries

Presenters: Barb Stuebing, CTRS/R and Candice Belcourt, CTRS/R and Team St. Luke’s Coordinator

Date: Wednesday, January 23, 2013
Time: 12-1 p.m.
Place: St. Luke’s Rehabilitation Institute
711 S. Cowley
Spokane, WA
Room 200

Presentation:
Provide insight into the community reintegration process including: identifying when patients are appropriate, setting goals, preplanning, activity participation, and identifying psychosocial and physical barriers to community participation.

Presentation Objectives:
1. Participants will be able to identify what constitutes community reintegration.
2. Participants will be able to identify the benefits of participating in community reintegration as part of the rehabilitation process.
3. Participants will be able to identify psychosocial and physical barriers to community participation for individuals with Spinal Cord Injuries.
